About Us

Serving the Health Needs of the Community For Over 30 Years

In 1988, Palm Beach County residents decided they wanted to invest in a healthier community. They voted to create the Health Care District of Palm Beach County, an independent taxing district that provides an array of health care services, such as:

- [Trauma System](#)
- [School Health](#)
- [Health Coverage](#)
- [Hospital](#)
- [Skilled Nursing Care](#)
- [C. L. Brumback Primary Care Clinics](#)

We are committed to providing quality health care in an efficient, fiscally responsible manner. We invite you to browse through the following pages to learn more about the Health Care District and the Palm Beach County residents –many just like you – whom we serve every day.

- Providing a medical home for adults and children at the C. L. Brumback Primary Care Clinics
- Keeping children healthy by staffing registered nurses in our public schools
- Offering skilled nursing care at the Edward J. Healey Rehabilitation and Nursing Center

We are dedicated to the health of our community and committed to providing high-quality health care services to all residents of Palm Beach County in a fiscally responsible manner.

The Health Care District is governed by a seven-member Board of Commissioners. The Commissioners serve on a voluntary basis. Three Commissioners are appointed by the Governor of Florida, three by the Palm Beach County Board of Commissioners and one is a representative of the State Department of Health. Commission terms are for four years. Commissioners may hold their appointments for a maximum of eight consecutive years.
