

Critical Care

Serious medical conditions need special care. We have six intensive care rooms. The rooms are private. Here patients are closely monitored.

Each bed has advanced electronic devices. The devices monitor health. The unit also has emergency equipment for the heart. The equipment is close to all six rooms.

The unit has specialized nurses and doctors. They use the latest technology to work with other specialists.

Due to the patient's needs, visiting hours in the unit are restricted. There are no personal belongings or flowers permitted in this unit.

If you have questions, please call us at: 561-996-6571 x 34562
