

**NOTICE TO ALL PROSPECTIVE RESPONDENTS
RFQ 20-ORLB/TF**

Addendum No. 1 issued June 19, 2020

1. Question 1 On page 1 of the RFQ in Section 1-1, the RFQ states *“The Health Care District of Palm Beach County, Florida (hereinafter the District), is requesting proposals from qualified architectural and engineering firms to provide design, permitting and construction administration services for the replacement of overhead Surgical light and equipment boom in operatory suites 2 and 3 at Lakeside Medical Center.”*
 - a. Based on the requested services, we need clarification as to whether this is a Design Build RFQ requesting a Construction Manager/Architectural team or is it a Design RFQ for Professional Architecture and Engineering Services?
 - b. Does the Health Care District of Palm Beach County have a contractor selected to perform the work once the required services in the scope of work are complete?

Response **This is a design build RFQ for architectural & engineering design and construction services. No, this is a design build RFQ where the design and construction is to be performed by the selected firm.**

2. Question 2 on page 3, Section 1-5 under Proposal Disclosure, it states in the last paragraph *“The successful Respondent shall be awarded a contract for 5 years from the date of contract, with no renewal options.”* Is this language leftover from a previous RFQ?

Response **Yes, a contract will be awarded to complete this project only.**

I acknowledge receipt of Addendum No. 1 to RFQ 20-ORLB, dated 6/19/2020.
