### MEMO

To: Finance & Audit Committee

From: Candice Abbott, Chief Financial Officer

Date: December 15, 2021

Management Discussion and Analysis as of September 2021 Health Care District Financial Statements Subject:

The unaudited September statements represent the financial performance for the twelve months of the 2021 fiscal year for the Health Care District. Total revenue year to date (YTD) of \$258.1M is favorable to budget of \$245.4M by \$12.7M or 5.2%. Operational expenditures YTD are \$28.4M favorable to budget or 11.6%. Year to date, the consolidated net margin is \$37.4M, with a favorable variance to budget of \$40.9M The General Fund YTD total revenue of \$161.3M is over budget of \$161.0M by \$293k or 0.2%. This overall favorable variance is mainly due to revenue recognized from Cares Act, as well as timing of intergovernmental revenue for School Health and County related JFK Revenue Guarantee. Unfavorable net patient revenue variance of (\$833k) is due to reduced Aeromedical transport volumes. Unrealized loss on investment variance of (\$1.4M) represents a decrease in current market value of the investment portfolio held by the District, and it will only be realized should the District liquidate its portfolio. Other revenue is unfavorable by \$1.6M due to timing of the subrogation lien revenue anticipated

favorable YTD budget variance include medical services of \$21.7M, salaries, wages and benefits \$2.2M, other expenses of \$2.0M, repairs Expenditures in the General Fund YTD after overhead allocation are favorable to budget by \$26.6M or 24.1%. Significant categories of and maintenance \$991k, and sponsored programs \$413k. Medical services claims continue to decline through better utilization management medical claims. Salaries and wages are favorable to budget due primarily to vacancies in the school health program. The repair and Trauma contracts cap on payments ended in December 2020, and the new contract started in January. Other expenses are favorable to budget due to less than anticipated training expenses for EPIC as well as receiving refunds for prior year of District Cares membership.

maintenance variance relates to IT software maintenance cost after Epic implementation. The sponsored programs favorable variance is attributable to delayed implementation of the transportation program, as well as reduced contracted personnel. Reduced YTD contracted personnel in the Aeromed program resulted from reduced fire rescue staff due to one helicopter being grounded for repairs. The helicopter has since come back online beginning in April 2021. The General Fund YTD has a net margin of \$77.6M versus a budgeted net margin of \$50.7M, for a favorable net margin variance of \$26.9M or 53.1%. The General Fund has subsidized a total of \$28.3M YTD to support operations of; Healey Center \$3.7M, Primary Care Clinics \$10.0M, Capital Project \$3.2M, and Medicaid Match \$11.4M.

2 increased charity classification. Total YTD operating expenses before overhead allocation of \$19.8M were favorable to budget by \$523k or 2.6%. This favorable variance is mainly due to savings in the categories of salaries, wages, and benefits of \$428k, as well as other supplies of \$92k. Current vacant positions and the timing of certain expenses are the primary reason for savings. The YTD net margin after overhead The Healey Center total revenue YTD of \$18.3M was unfavorable to budget by \$279k. This unfavorable variance is primarily due allocations for the Healey Center was a loss of (\$5.5M) compared to budgeted loss of (\$5.9M) or (7.7%). Lakeside Medical Center total revenue YTD of \$48.7M was favorable to budget by \$10.8M or 28.3%. This favorable variance resulted from the remaining Provider Relief Funds revenue being fully recognized for a total of \$16.6M YTD. Net patient revenue YTD of \$31.6M was margin after overhead allocations at Lakeside Medical Center was a loss of (\$10.3M) compared to a budgeted loss of (\$20.6M) for a variance under budget by (\$1.0M) or (3.2%). Total operating expenses YTD of \$45.9M was unfavorable to budget by \$931k or 2.1%. The YTD net of \$10.4M or (50.3%)

and grant funding, however, most of this gain was offset by revenue recognition timing of COVID-19 stimulus funds. Net patient revenue This favorable variance is primarily due to medical supplies of \$686k. The timing of medical supply purchases including COVID test kits are the primary reason for savings. Total net margin YTD after overhead allocations for the Primary Care Clinics is a loss of (\$13.1M), compared The Primary Care Clinics total revenue YTD of \$23.9M was over budget by \$2M primarily due to an unanticipated increase in patient visits, YTD was favorable to budget by \$2.2M or 24.6%. Total operating expenses YTD for the clinics are favorable to budget by \$791k or 2.7%. to budgeted loss of (\$16.1M) for a favorable variance of \$3.0M or (18.4%)

Cash and investments have a combined balance of \$157.0M, of which \$1.5M is restricted. Due from other governments of \$11.0M reflects the School District receivable of \$3.3M, grants receivable of \$4.8M, the Tax Collector receivable of \$1.7M and Palm Beach County of \$1.3M, Total net position for all funds combined is \$210M.

1. **Description:** Internal Audit Update

### 2. Summary:

The agenda for the Internal Audit Update includes the Business Continuity Planning Review and updates on other internal audit matters.

### 3. Substantive Analysis:

A summary of the Business Continuity Planning Review is presented below:

The Health Care District of Palm Beach County (HCD) Internal Audit included this review, Business Continuity Management in the FY21 Internal Audit work plan, based on the risk assessment performed during 2021.

The review includes recommendations to improve the achievement of management objectives which are rated as follows:

Rating	Definition
High Risk	This risk severely impacts achieving
	objectives.
Medium Risk	This risk moderately impacts achieving
	objectives.
Low Risk	This risk has a low risk for achieving
	objectives.

Business Continuity Management (BCM) occurs at the organizational level and is a process by which an organization prepares, maintains and practices a plan for the continuity of business activities when events occur. This is achieved by assigning adequate resources, people, and budgeted funds while ensuring that the practices put in place across the organization identify the continuity level needed, consistent with the criticality of the various operations throughout the organization. It involves planning and preparation to ensure that an organization or unit can continue to operate following a disaster or major disruption or is able to recover to an operational state within a reasonably short period.

BCM includes the following: Emergency Management + Business Continuity Planning (which includes Hazard Vulnerability Analysis + Business Impact Analysis + Business Recovery Planning) + IT Disaster Recovery.

The objective of this review was to determine the maturity of the Health Care District of Palm Beach County's Business Continuity Management (BCM). The review included a review of the current policies, processes and most recent past plans in place across the HCD, and a review of the practices in place against current regulations.

The scope of the review included a review of the Lakeside Medical Center (Lakeside) and E.J. Healey Rehabilitation and Nursing Center (Healey) Comprehensive Emergency Management Plans (CEMP's) prepared and submitted to Agency for Health Care Administration (AHCA) in 2021, the C. L. Brumback Primary Care Clinics (Clinics) CEMP's prepared in 2021, the 2018 HCD Business Continuity Plans, the HCD Emergency Response Plan from 2018, the most recent HCD Information Technology Disaster Recovery Plan, and current HCD policies related to BCM against best practices. Additionally, the review included a review of the most recent AHCA Fire and Life Safety surveys as related to Emergency plans.

The review of the Health Care District of Palm Beach County's (HCD's) Business Continuity Management (BCM) processes determined that the HCD, a highly complex health care system that is diverse in both the clinical and administrative services offered, as well as in their geographic locations has good practices in place, particularly in areas that are subject to regulation. There is room for improvement in the overall governance of the HCD BCM considering the various divisions' processes, and there could be better documentation overall regarding the Business Continuity Plan (BCP), particularly in regards to the shared services business units.

Rating	Finding	Action Plan	Owner and Due Date
Medium	Organizational Governance	The HCD will identify the executive or executives accountable for BCM program planning and execution, as well as those responsible for resourcing and strategy decision-making. A schedule for the activities should be prepared establishing planning, testing, and event driven meetings virtually and in person, establishing frequency of meetings, contact information, conference phone numbers.  The HCD BCM program will define who is accountable and responsible for each key discipline of the program.	Darcy Davis and Senior Leadership Complete
Medium	Include Hazard Vulnerability Analysis (HVA), Business Impact Analysis(BIA) and Business Recovery Plan (BRP) in Business Continuity Plan (BCP).	The HCD BC Steering Committee will ensure that all areas implement a BCM framework to include in the BCP a methodology to assess risk with an HVA, conduct BIA's across all areas to identify and rank critical processes, workflows and supporting technology, business operation risks, and recovery time requirements, and to establish BRP's.	HCD Business Continuity Planning Steering Committee, Thomas Cleare September 30, 2022
Low	Other Business Continuity Plan (BCP) Considerations	HCD will include Testing, Training and Lessons Learned in HCD BCP Guidelines into the framework.	HCD Business Continuity Planning Steering Committee, Thomas Cleare December 31, 2022

### Change Management

The final project from the FY21 work plan was a review of HCD Change Management at the Organizational level. The review noted that there were initiatives in place across the organization for Change Management as follows: Leadership team meets regularly to discuss changes in leadership, changes to business model, and/or changes to the external environment. A Formalized Change Management process exists, which includes the Enterprise Project Management Office (EPMO). In regards to training and communication for major changes, this was an area that would need improvement. Human Resources has committed to implementing the following action plan in FY22:

"HCD has taken some great strides this past year implementing projects and/or systems. As we continue to move forward with other company initiatives in FY22, we can take a more proactive approach and facilitate self-service feedback strategies to obtain the overall pulse of various changes within the organization. More specifically, we can administer surveys to a population of our employees at various stages (start/middle/end) of a project and gather data to help navigate through the change and impact it will have to the company and its employees. The surveys can be used to help track, access our employees' involvements, resource demands, training gaps, and communication awareness."

### Other Internal Audit Matters

Follow-up to open items from past internal audits will be presented at the March 2022 meeting. The open audit findings from the Sanction Screening and Conflict of Interest reviews were revised for a due date of December 31, 2021. The Vendor Risk Management review findings are in process. Also, management has re-branded the Internal Control Committee to the Compliance and Audit Committee.

1. **Description:** Internal Audit FY22 Workplan

### 2. Summary:

The agenda for the Internal Audit will include the results of the Health Care District of Palm Beach County (HCD) FY 2022 Risk Assessment and the Internal Audit Work Plan for FY 2022.

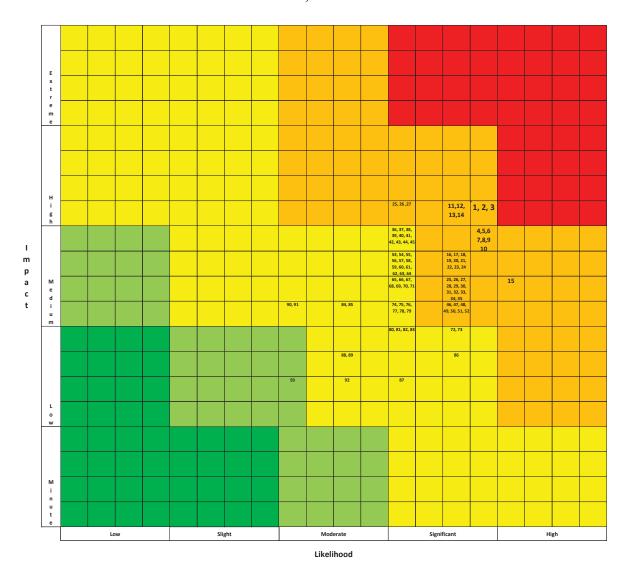

### 3. Substantive Analysis:

Included is an overview of the process that was utilized for the FY 2022 HCD Risk Assessment, which was updated by Internal Audit with input from HCD leadership. The results were shared with a heat map, showing the distribution of risks, and the mapping of the risks to the Internal Audit and Compliance work plans, and management initiatives.

The Risk Measurement process included a determination of the likelihood of an opportunity or threat occurring and the potential impact of such an event on the District.

The heat map below indicates where the various risks across the district were rated based on the score received in the assessment.

Below is the FY22 Internal Audit work plan that was created based on the risk assessment and input from senior leadership.

The HCD risks noted in the above heat map are consistent with what the health care industry is currently experiencing, with similar high risks noted in internal audit risk summaries of health care risks by Crowe, Protiviti, and the AHIA.

### **Funding Request Requirements**

To help the District fulfill its mission to be the health care safety-net for Palm Beach County, the District sought Funding Requests from organizations to provide health care services and health care support services to uninsured, underinsured and/or other vulnerable Palm Beach County residents. To select programs for this funding initiative, the District decided to partner with organizations that provide services that address Social Determinants of Health (SDOH) and that align with the priority areas, objectives, and strategies identified in the Community Health Improvement Plan (CHIP) for Palm Beach County. Additionally, a focus was placed on services that do not duplicate services provided by the C.L. Brumback Primary Care Clinics, or other District operated initiatives.

### Proposals

For this funding cycle, the District received requests for 29 proposed initiatives requesting \$2,872,676 in funding. The following table summarizes the requests.

### Committee Recommendation

The Sponsored Programs Selection Committee, made up of interdisciplinary members of the Health Care District staff, met on December 3, 2021. The Selection Committee reviewed all proposals and evaluated each proposal's approach to addressing SDOH and their alignment with the CHIP priority areas.

The Selection Committee balanced the variety of services proposed, with the available budget, recommending funding for 24 organizations for a total funding amount of \$1,151,500.

The recommendation includes 5 new organizations:

- 211
- Fresh Rx
- PBC Food Bank
- The Arc of the Glades
- Vita Nova

The Selection Committee focused on a balance between medical, behavioral health, and services that address Social Determinants of Health. The service type categories include:

- Behavioral Health Support 7 organizations
- Food/Nutrition Support 9 organizations
- Health Care Navigation 11 organizations
- Transportation 3 organizations
- Homeless Support 2 organizations
- Medical Support 11 organizations
- Legal Assistance to Remove Barriers to Medical Services 1 organization

The table that follows presents the Selection Committee's award recommendations for CY2022:
