District Clinic Holdings, Inc. Financial Report September 2021

The unaudited September statements represent the financial performance through the twelfth month of the 2021 fiscal year for the C.L. Brumback Primary Care Clinics. Gross patient revenue YTD was favorable to budget by \$7.3M due to higher patient volumes than initially anticipated. Net patient revenue YTD was favorable to budget by \$2.2M. Total YTD revenue was favorable to budget by \$2.0M. Increased patient traffic is contributing to this favorable variance. Operational expenses before depreciation were favorable to budget by \$791k due mostly to positive variances in medical supplies \$686k, medical services \$259k, and lease and rental of \$408k. Total YTD net margin was (\$13.1M) compared to budget of (\$16.1M) resulting in a favorable variance of \$3.0M or (18.4%).

The Medical clinics' YTD gross patient revenue exceeded budget by \$5.1M. Net patient revenue YTD for the Medical clinics was favorable to budget by \$1.8M. The Medical clinics' total YTD revenue was favorable to budget by \$1.1M. This favorable variance resulted from increased patient visits. Total operating expenses of \$24.2M were favorable to budget of \$25.0M by \$730k. The positive variance of \$730k is primarily due to purchase timing of medical supplies, including COVID-19 test kits. Total YTD net margin was (\$11.8M) compared to budget of (\$13.8M) resulting in a favorable variance of \$2.0M or (14.7%).

The Dental clinics' total YTD gross patient revenue was favorable to budget by \$2.2M. Net patient revenue YTD for the Dental clinics was favorable to budget by \$398k. Total operating expenses of \$4.1M were favorable to budget by \$60k. Total YTD net margin was (\$1.4M) compared to a budget loss of (\$2.3M) for a favorable variance of \$945k or (40.9%).

The Comparative Statement of Net Position, from other governments increased from \$1.6M to \$3.7M. This balance is due mainly from Health Resources, Service Administration (HRSA) and American Rescue Plan. The District subsidy YTD for the Medical and Dental clinics is \$9.0M and \$961k respectively for a combined subsidy of \$10.0M.

Mr. Smith questioned why the other current liabilities increased from August 31, 2021 to September 30, 2021.

Ms. Abbott stated she was unsure why the current liabilities increased, but she will bring the information back to the committee in the next meeting.

Mr. Smith asked how the November and December 2021 budget look.

Ms. Abbott stated that the budget is on track for November and December 2021. Accounts Payable is tracking expenses and making adjustments until the end of the year. We are hoping to close out by the end of January 2022.

Mr. Smith stated the pay and salary increased dramatically in September 2021.

Ms. Abbott explained that we accrue the bonus, incentive pays and a sick time-off payout, which caused the increase.

**CONCLUSION/ACTION: Ms. Tammy Jackson-Moore made a motion to approve the District Clinic Holdings, Inc. Financial Report September 2021. The motion was duly seconded by Mr. Joseph Gibbons. A vote was called, and the motion passed unanimously.**

## MEMO

---

To: Finance Committee  
From: Candice Abbott  
Chief Financial Officer  
Date: February 23, 2022

Subject: Management Discussion and Analysis as of December 2021 C.L. Brumback Primary Care Clinic Financial Statements.

The December financial statements represent the financial performance through the third month of the 2022 fiscal year for the C.L. Brumback Primary Care Clinics. On the Comparative Statement of Net Position, deferred revenue increased from \$783k to \$2.2M. This balance is due mainly to Provider Relief Funds received that will be recognized as revenue as qualifying expenses are identified.

On the Statement of Revenues and Expenses, net patient revenue YTD was unfavorable to budget by (\$317k). An increase in actual charity care recognized compared to budgeted charity care is contributing to this unfavorable variance. Gross patient revenue YTD was favorable to budget by \$904k. Total YTD revenue was unfavorable to budget by (\$1.0M), which is partially due to a timing difference in grant funds recognized. Operational expenses before depreciation were favorable to budget by \$1.5M due mostly to positive variances in salaries, wages, and benefits of \$756k, purchased services of \$185k, other supplies of \$109k, drugs of \$109k, and lease and rental of \$189k. Total YTD net margin was (\$3.6M) compared to budget of (\$4.5M) resulting in a favorable variance of \$828k or (18.5%).

Net patient revenue YTD for the Medical clinics was unfavorable to budget by (\$530k). The Medical clinics YTD gross patient revenue is unfavorable to budget by \$(603k). The Medical clinics total YTD revenue was unfavorable to budget by (\$1.1M). This unfavorable variance resulted from lower net patient revenue than budgeted and a timing difference of revenue recognition for grant funds. Total operating expenses of \$5.9M were favorable to budget of \$7.3M by \$1.4M. The positive variance is most due to salaries, wages, and benefits of \$705k, purchased services of \$180k, other supplies of \$102k, drugs of \$109k, and lease and rental of \$179k. Total YTD net margin was favorable to budget by \$634k or (15.4%).

Net patient revenue YTD for the Dental clinics was favorable to budget by \$213k. The Dental clinics total YTD gross patient revenue was favorable to budget by \$1.5M. Total operating expenses of \$1.0M were favorable to budget by \$59k. Total YTD net margin was (\$164k) compared to a budgeted loss of (\$358k) for a favorable variance of \$194k or (54.3%).

**SUPPLEMENTARY INFORMATION:**

**Background**

Section 673(2) of the Omnibus Budget Reconciliation Act (OBRA) of 1981 (42 U.S.C. 9902(2)) requires the Secretary of the Department of Health and Human Services to update the poverty guidelines at least annually, adjusting them on the basis of the Consumer Price Index for All Urban Consumers (CPI-U). The poverty guidelines are used as an eligibility criterion by Medicaid and a number of other Federal programs. The *poverty guidelines* issued here are a simplified version of the *poverty thresholds* that the Census Bureau uses to prepare its estimates of the number of individuals and families in poverty.

As required by law, this update is accomplished by increasing the latest published Census Bureau poverty thresholds by the relevant percentage change in the Consumer Price Index for All Urban Consumers (CPI-U). The guidelines in this 2022 notice reflect the 4.7 percent price increase between calendar years 2020 and 2021. After this inflation adjustment, the guidelines are rounded and adjusted to standardize the differences between family sizes. In rare circumstances, the rounding and standardizing adjustments in the formula result in small decreases in the poverty guidelines for some household sizes even when the inflation factor is not negative. In cases where the year-to-year change in inflation is not negative and the rounding and standardizing adjustments in the formula result in reductions to the guidelines from the previous year for some household sizes, the guidelines for the affected household sizes are fixed at the prior year's guidelines. As in prior years, these 2022 guidelines are roughly equal to the poverty thresholds for calendar year 2021, which the Census Bureau expects to publish in final form in September 2022.

The poverty guidelines continue to be derived from the Census Bureau's current official poverty thresholds; they are not derived from the Census Bureau's Supplemental Poverty Measure (SPM).

The following guideline figures represent annual income.

5 .....	32,470
6 .....	37,190
7 .....	41,910
8 .....	46,630

For families/households with more than 8 persons, add \$4,720 for each additional person.

2022 POVERTY GUIDELINES FOR ALASKA

6 .....	46,490
7 .....	52,390
8 .....	58,290

For families/households with more than 8 persons, add \$5,900 for each additional person.

2022 POVERTY GUIDELINES FOR HAWAII

Persons in family/household	Poverty guideline

2 .....	21,060
3 .....	26,490
4 .....	31,920
5 .....	37,350

7 .....	48,210
8 .....	53,640

For families/households with more than 8 persons, add \$5,430 for each additional person.

Separate poverty guideline figures for Alaska and Hawaii reflect Office of Economic Opportunity administrative practice beginning in the 1966–1970 period. (Note that the Census Bureau poverty thresholds—the version of the poverty measure used for statistical purposes—have never had separate figures for Alaska and Hawaii.) The poverty guidelines are not defined for Puerto Rico or other outlying jurisdictions. In cases in which a Federal program using the poverty guidelines serves any of those jurisdictions, the Federal office that

administers the program is generally responsible for deciding whether to use the contiguous-states-and-DC guidelines for those jurisdictions or to follow some other procedure.

Due to confusing legislative language dating back to 1972, the poverty guidelines sometimes have been mistakenly referred to as the “OMB” (Office of Management and Budget) poverty guidelines or poverty line. In fact, OMB has never issued the guidelines; the guidelines are issued each year by the Department of Health and Human Services. The poverty guidelines may be formally referenced as “the poverty guidelines updated periodically in the **Federal Register** by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).”

Some federal programs use a percentage multiple of the guidelines (for example, 125 percent or 185 percent of the guidelines), as noted in relevant authorizing legislation or program regulations. Non-Federal organizations that use the poverty guidelines under their own authority in non-Federally-funded activities also may choose to use a percentage multiple of the guidelines.

The poverty guidelines do not make a distinction between farm and non-farm families, or between aged and non-aged units. (Only the Census Bureau poverty thresholds have separate figures for aged and non-aged one-person and two-person units.)

This notice does not provide definitions of such terms as “income” or “family” as there is considerable variation of these terms among programs that use the poverty guidelines. The legislation or regulations governing each program define these terms and determine how the program applies the poverty guidelines. In cases where legislation or regulations do not establish these definitions, the entity that administers or funds the program is responsible to define such terms as “income” and “family.” Therefore, questions such as net or gross income, counted or excluded income, or household size should be directed to the entity that administers or funds the program.
