#### 9. Regular Agenda

#### A. ADMINISTRATION

#### 9A-1 Staff Recommends MOTION TO APPROVE:

Low Income Pool Participation for Palm Beach County Federally Qualified Health Centers

Ms. Cafarelli stated that this agenda item presents the Board with a request to approve providing a Local Intergovernmental Transfer for the Palm Beach County Federally Qualified Health Centers for their participation in the 2024-25 Low Income Pool Program.

CONCLUSION/ACTION: Commissioner Caruso made a motion to approve the Low Income Pool Program IGT Funding for the FQHCs. The motion was duly seconded by Commissioner Ward. There being no opposition, the motion passed unanimously.

#### 9A-2 Staff Recommends MOTION TO APPROVE:

Indirect Medical Education Program

Ms. Cafarelli stated that this agenda item presents the Board with a request to approve funding the Intergovernmental Transfer required for participation in the 2024-25 Indirect Medical Education Program.

CONCLUSION/ACTION: Commissioner Jackson-Moore made a motion to approve the funding for the 2024-25 IME IGT for Lakeside Medical Center. The motion was duly seconded by Commissioner Ward. There being no opposition, the motion passed unanimously.

#### 9A-3 Staff Recommends MOTION TO APPROVE:

Medicaid Directed Payment Program – Lakeside Medical Center

Ms. Cafarelli stated that this agenda item presents the Board with a request to approve funding the Intergovernmental Transfer required for participation in the 2024–25 Medicaid Directed Payment Program.

CONCLUSION/ACTION: Commissioner Ward made a motion to approve funding the 2024-25 DPP IGT for Lakeside Medical Center. The motion was duly seconded by Dr. Gunta. There being no opposition, the motion passed unanimously.

#### 9A-4 Staff Recommends MOTION TO APPROVE:

Approval of Unbudgeted Expenses.

Ms. Cafarelli stated that Kaufman Hall remains engaged with the District for the duration of the fiscal year in working through strategic initiatives related to Lakeside Medical Center. The estimated expense is \$325,000 which can be offset by favorable performance as Lakeside's net margin is \$7.2M favorable to budget as of the July financial statements. Staff recommends the Board approve the unbudgeted expenditures for FY24 related to Kaufman Hall that were not included in the approved FY24 budget.

CONCLUSION/ACTION: Dr. Gunta made a motion to approve the unbudgeted expenditures for FY24. The motion was duly seconded by Commissioner Ward. There being no opposition, the motion passed unanimously.

#### 9A-5 Staff Recommends MOTION TO APPROVE:

Sponsored Programs

Ms. Abbott stated that this agenda item presents the award recommendations for FY2025 Sponsored Programs from the Sponsored Programs Funding Request Selection Committee. The Committee chose to recommend funding twenty-two proposed community program initiatives with a total funding amount of \$1,195,238.00. The recommendation prioritized balancing each organization's approach to the alignment of the mission and healthcare impact of the District priority areas, providing services that address Social Determinants of Health, and aligning with the priority areas, objectives, and strategies identified in the Community Health Improvement Plan for Palm Beach County.

Each Performance Report must account for the total activity for which the Provider is funded and a Provider representative must certify that all of the requirements have been met during the reporting period. The Provider shall report on the number of clients and visits for the Services using the UniteUs reporting platform.

CONCLUSION/ACTION: Commissioner Jackson-Moore made a motion to approve the Sponsored Programs Selection Committee funding recommendation. The motion was duly seconded by Commissioner O'Bannon. There being no opposition, the motion passed unanimously.

#### 10. CFO Comments

Ms. Cafarelli thanked all of her staff for their hard work pulling together the FY25 Budget.

#### 11. CEO Comments

Ms. Davis turned it over to Mr. Icaza who stated that the we reached final settlement on the Healey Center construction matter. He thanked the Board for their patience and staff for all their hard work.

#### 12. HCD Board Member Comments

Chair Vidueira stated that he would like to recommend having future Workshops with the Board. He believes it would be would be beneficial to dive into other issues that aren't necessarily discussed in a Board meeting. His fellow Commissioners agreed to the suggestion.

#### 1. Description: Credentialing and Privileging of Healey Center Practitioner (s)

#### 2. Summary:

The below practitioners are recommended for approval by the Chief Medical Officer:

Last Name	First Name	Credentials	Specialty	Credentialing
Reason	Fernanda	APRN	Family Nurse Practitioner	Initial Credentialing
Choueiri	Richard	DO	Physical Medicine	Initial Credentialing
0.100.011	- Tricinara		and Rehabilitation	
Salazar	Armando	MD	Family Medicine	Recredentialing

#### 3. Substantive Analysis:

The practitioners have satisfactorily completed the Recredentialing and privileging process. The credentialing and privileging process ensures that all facility practitioners meet specific criteria and standards of professional qualifications. This criterion includes, but is not limited to:

- Current licensure
- Relevant education, training and experience
- Current clinical competence
- Health fitness, or ability to perform the requested privileges
- Malpractice history (NPDB query)

Primary source and secondary source verifications were performed for credentialing and privileging elements in accordance with state and federal requirements. A nationally accredited Credentials Verification Organization (CVO) was utilized to verify the elements requiring primary source verification.

The Healey Center utilized internal Credentialing staff and the Chief Medical Officer to support the credentialing and privileging process.

#### 1. Description: Modification to Purchasing Policy #2014-10-PP dated 6/29/21

#### 2. Summary:

Pursuant to HCD Board Resolution 2021R-002 Policies and Procedures, the Board must approve any modifications to the Purchasing Policy. Staff recommend enhancements to the District's Purchasing Policy specifically to add clarity regarding purchasing requirements for design and construction services as well as emergency and sole source procurement.

#### 3. Substantive Analysis:

Enhancements and modifications to the District's Purchasing Policy are necessary to;

- delineate the differences between purchases for Goods and Services, and those for Design Services and Construction Services,
- identify those contracts for Design Services and Construction Services that require Board approval,
- update the list of purchases exempt from bidding requirements,
- support and guide the development of detailed purchasing procedures for Design Services and Construction Services, and
- amend the definitions of emergency and sole source procurements.

Florida Statutes have different and specific requirements relating to the procurement of design and construction services. While the current policy and procedures reference the applicable statutes, Staff believes it necessary to specifically incorporate the statutory requirements into the District's Purchasing Policy to allow for consistent and compliant purchase of design and construction services in future. The substance of statutory requirements addresses the issuance of Request for Proposals (RFP), as opposed to bids, for all design services above the statutory threshold and certain construction services, specifically construction managers and program managers increasing the need for more detail including;

- establishing thresholds for when Board approval of Design and Construction services contracts are required,
- establishing a cone of silence between any District personnel involved in the procurement process and firms responding to RFPs for Design or Construction services

The definitions of emergency and sole source procurement have been modified to more specifically define the circumstances when these exemptions from the competitive purchasing requirements are utilized while complying with statutory and/or the District's fiduciary responsibilities.

#### **Purchasing Policy**

Policy #: 201410-PP Effective Date: 9/25/20189/26/2024

Business Unit: 3. District Board Policies Last Review Date: 04/16/2024

Approval Group: Finance District Board Policy Document Owner(s): Finance

Board Approval Date: 06/29/21 09/26/24

#### **PURPOSE**

The District must ensure that quality Goods and Services, <u>Design Services and Construction Services</u> are procured in a timely manner, at the most competitive costs. The purchasing policy provides for a consistent and systematic method of procuring goods and services required by the District and its affiliates. This policy defines the responsibilities and authority for purchases and ensures compliance with applicable State and Federal laws.

The acquisition, disposal, donation and lease of real property is exempt from this Policy and is governed solely by LEG 1000 Real Property Sale and/or Acquisition.

#### **RESPONSIBILITY**

The authority to obligate funds for the purchase of goods (including supplies, materials, finished goods, and equipment) or services is granted to the Chief Financial Officer, unless specifically reserved for the Chief Executive Officer or the District's Board under this policy. This policy applies to the Health Care District and all of its affiliates. (collectively the "District" hereafter).

Non-budgeted expenditures in excess of \$250,000 for any procurement covered by this Policy requires Finance and Audit Committee review and Board approval.

For Design Services pursuant to section 287.055 Florida Statutes, the following contracts require Board approval.

- Project specific contracts greater than \$325,000
- Project specific planning or study activity greater than \$35,000
- Continuing contracts.

<u>For Construction Services pursuant to section 255.05 Florida Statutes, the following contracts require Board approval.</u>

- Project Specific Construction Manager and Program Manager agreements.
- Guaranteed Maximum Price (GMP) Amendments to project specific construction manager contracts when the GMP is in excess of \$7.5M.
- Continuing construction manager contracts.

Individual task orders against continuing design contracts and GMP amendments less than \$7.5M against continuing CM Agreement would not require Board approval provided the work is fully budgeted.

Page 1 of 6

Policy Name: Purchasing Policy

For Design Services and Construction Services, a cone of silence will apply to all persons involved in the procurement process from the time of bid or proposal submission until the contract is awarded or otherwise terminated.

No expenditure is entirely exempt from this policy, however, certain procurements of goods and services, as enumerated below, may be exempted from the purchase requisition requirement.

Unless otherwise stated within this policy, all purchases require the submission and approval of a Purchase Requisition and will not be processed through other payment means (check request, payroll deduction, etc.)

#### **POLICY**

#### **Exempt From Purchase Requisition Requirements**

The goods and services listed below are exempt from the purchase requisition requirement:

- Institutional and professional medical claims payments on behalf of members, patients, and residents.
- Refunds to members, patients, and residents.
- Resident entertainment activity prizes (Healey Center only).
- Dues and memberships in trade and professional organizations (if being reimbursed through expense report or paid by corporate credit card).
- Legal settlements, fines, and penalties.
- Payroll ACH refunds.
- Postage (if being paid through petty cash or through the expense report process).
- Security coverage by individual local police officers if offered through a government agency.
- Travel Authorization expenses to be paid by the District in advance of travel to vendors, including registration fees, hotel costs, airline tickets, and/or train tickets.
- Reimbursement of travel expenses for interview candidates.
- Travel Authorization employee-paid expenses, includes meals, mileage, tolls, taxi, and other miscellaneous trip-related expenses.
- Payroll, court ordered payments, garnishments, payments of taxes, and other amounts withheld from employees pay, including employee reimbursements for mileage, dues, and tuition.
- Other employee reimbursements at the discretion of the Chief Financial Officer.
- Purchasing card purchases at the discretion of the Chief Financial Officer.

Page 2 of 6

Policy Name: Purchasing Policy

#### **Contract Requirement**

Except where a standard District Purchase Order is authorized (see below), any request for goods or services must be accompanied by a fully executed agreement between the parties and must comply with all District legal policies and procedures, unless otherwise approved by General Counsel and the Chief Financial Officer.

#### **Purchase Orders**

The District has established a Purchase Order which contains the District's standard contractual terms and conditions. In lieu of a contract, a standard District Purchase Order may be used for purchases of goods and/or services which meet the following requirements:

- The term of the purchase does not exceed one (1) year;
- The amount of the purchase (s) does not exceed \$10,000;
- The purchase does not create substantial risk or exposure to the District (e.g., property damage, personal injury, or other risk to the District);
- The purchase does not include any construction services; and,
- The purchase is not defined as a capital asset.

If the purchaser has questions about the use of a Purchase Order, the Purchaser should contact Purchasing and/or the General Counsel to discuss.

#### **Competitive Bidding and Competitive Quotes**

Except when otherwise required by law, any expenditure for Goods and Services exceeding \$5,000 requires the submission of two (2) competitive bids or quotes ("bid" hereafter) in total and any expenditure exceeding \$10,000 requires the submission of three (3) competitive bids in total and justification for selection if the lowest bid is not selected. For Goods and Services non-construction purchases, the Purchaser may opt to make a selection from bids received, solicit informal competitive bids or complete a formal Request for Proposal (RFP) process. Purchases for Construction Services shall be made by bid or RFP. Design Services shall be made by RFP only. Both Design Services and Construction Services shall be made pursuant to applicable statute and will have specific requirements detailed in the purchasing procedures. Pursuant to sections 255.0525 and 255.20, Florida Statutes, unless exempted by law, construction projects require public advertising and formal competitive bidding when the projected cost exceeds \$200,000 (or electrical work which will exceed \$75,000).

Bids are not required for the following purchases:

Page 3 of 6

Policy Name: Purchasing Policy

- Utilities including but not limited to electric, water and sewer, natural gas, and telephone.
- Entertainers, artists, and performers.
- Advertisements for legal, promotional or informative matters.
- Costs for training and education, including speakers, events, and programs.
- Renewal of software maintenance where maintenance is provided by software manufacturer or developer.
- Subscriptions to periodicals, newspapers, and clinical databases.
- Services provided to or on behalf of individual members, patients, and residents that are not elsewhere described.
- Licensed health professionals who hold a medical directorship position, serve on a committee, provide services directly to members, patients, and residents whose payments are issued outside of the medical claims system.
- Contracts for goods and services between the District and other governmental entities or non-profit organizations, including PRIDE.
- Attorneys at law, court reporters, investigators, and expert witnesses having specialized skill, or knowledge in an area of legal practice.
- Sole source purchases for Goods and Services (as described below).
- Emergency purchases for Goods and Services, Design Services and Construction Services (as described below).
- Cooperative and piggy-back purchases (see Purchasing Procedure for further information).
- Except as set forth below, professional services may be purchased without bids when the Purchaser and its applicable corporate officer approve the purchase of professional services from a vendor with distinct field of expertise. Such approval shall be stated on the contract memorandum in support of the purchase. Such purchases shall not exceed five (5) years in duration unless the Purchaser and its applicable corporate officer re-certify that the vendor still maintains a distinct field of expertise.
- Purchases made in response to a court order or Board approved settlement agreement.
- —Task Orders and supplements to continuing design contracts, design professional service authorizations, GMPs against continuing construction manager agreements, change orders to construction services contracts and similar.
- Purchase orders issued to facilitate direct procurement under the Sales Tax Recovery Program.
- Bids are required for the purchase of all other professional services and when required by law (e.g. Architectural, Engineering, Landscape Architectural, Surveying and Mapping services (see Section 287.055, Florida Statutes); Design-Build projects (see Section 287.055, Florida Statutes); and, financial auditing services (see Section 218.391, Florida Statutes).

Policy Name: Purchasing Policy

#### Formal Competitive Bidding Process (RFP) and Protest Procedure

All formal competitive solicitations for goods and services obtained through the RFP process shall be advertised and internal bid procedures shall be followed.

Any actual bidder who is aggrieved in connection with a formal competitive bidding process may timely protest the process and/or award. Protest procedures are contained within the RFP document as posted on the District's website.

#### Local vendor preference

Except where limited by applicable law or grant award requirements, it is the District's intent to purchase from Palm Beach County approved vendors whenever possible. However, the intent to purchase locally is constrained by the District's responsibility to ensure that maximum value is obtained for each public dollar spent. Bids received from all vendors will be evaluated based on price and quality.

#### **Emergency Purchases**

The Chief Financial Officer may make or authorize others to make emergency procurements of Goods and Services, Design Services, and Construction Services. An emergency purchase is made in response to a need when the delay incident to complying with all governing rules, regulations or procedures would be detrimental to the interests, health, safety or welfare of the District and the services it provides. when there exists a threat ti public health, welfare, safety, property or other substantial loss to the District. All emergency procurements shall be made with such competition as is practical under the circumstances, Emergency purchases shall require a purchase requisition and must be made in accordance with such terms as required by General Counsel.

#### **Sole Source Purchases**

The Chief Financial Officer may designate certain purchases to be justified sole source purchases of Goods and Services. 7A sole source purchase is where there is only one product or services which meets the need of the Requesting Department as determined by a reasonably thorough analysis of the market. A sole source purchase must include a Sole Source Purchase Justification Form and need statement from the Requesting Department. -where the goods or services being procured are only available from a single supplier due to the specialized nature of the goods or services being provided, the need for compatible equipment or supplies, the relationship of the supplier to the original manufacturer, emergency conditions or the specific needs of the Health Care District.

#### **Compliance with Policy and Chief Financial Officer Discretion**

- Purchases of goods or services (may not be split across multiple transactions, vendors, or procurement methods to circumvent established purchasing approval limits).
- The purchasing card program and employee reimbursement process should not be used to procure goods or services that would be subject to a competitive bidding process or could be acquired utilizing contracted pricing.
- Use of multiple procurement methods, e.g. purchase requisitions, purchasing card, etc. for a single purchase does not eliminate the competitive bidding requirement, if the total purchase would be subject to competitive bidding.
- In instances where the application of the policy is unclear and relates to procurements not exceeding \$250,000, the Chief Financial Officer may exercise discretion in determining if there has been compliance with policy.

#### **Development of Procedures**

The Chief Financial Officer shall establish procedures, authorizations and forms as may be necessary to implement this policy.

#### 1. Description: FL-FIRST Hospital Directed Payment Program

#### 2. Summary:

This agenda item presents the Board with a request to approve funding the Intergovernmental Transfer (IGT) required for participation in the FL-FIRST program year 1

#### 3. Substantive Analysis:

The state of Florida is looking to support nursing education through a hospital directed payment program. The Funding Initiative for the Recruitment, Sustainment and Training of Nursing Professionals (FL-FIRST) funding program is a first of its kind program being developed to address the nursing shortage. Lakeside Medical Center is one of seven hospitals in Florida found to be eligible based on their current nursing education initiatives. Additionally, District staff have been involved with the creation of this novel nursing education program.

A requirement of the program is for 10% of the funds received to go back to the participating universities. This can be in the form of scholarships, tuition assistance, grants, or through other methods. The remaining 90% can be spent by Lakeside on other activities associated with nursing recruitment and quality of care for patients.

The FL-FIRST program has been circulated at AHCA for approval to send to CMS. The preprint was submitted to CMS in September of 2024, and invoices are expected to be received in December 2024. Program payments are contingent on CMS' approval. The estimated additional program expenses and revenue, if approved by CMS, are in Table 1 below.

FL FIRST- Nursing	Program Year 1
District IGT	7,614,378
Match Funding	( <del>)</del>
Total IME Benefit	7,614,378

These amounts are estimates and subject to change pending CMS' approval. The annual expenditures will not exceed the amount stated above.

#### 1. Description: Department of Health Request for Funding

#### 2. Summary:

The Palm Beach County Department of Health ("DOH") has requested \$500,000 from the Health Care District ("HCD") to combat the increase in latent Tuberculosis cases in Palm Beach County ("County").

#### 3. Substantive Analysis:

Section 392.51 of the Florida Statute places a responsibility to identify, treat and provide surveillance for all known and suspected cases of Tuberculosis through coordinated efforts by the respective County health departments. These control programs shall have the following functions, including community education regarding the causes and dangers of the disease, screening for tuberculosis, surveillance of all suspected and reported cases of active TB including contact investigation as necessary, reporting and tracking of cases, development of an individualized treatment plan, and provision of counseling and periodic retesting.

Data provided to HCD from DOH indicates that there has been a substantial increase in the number of Tuberculosis cases over the past 3 years. Specifically, the Director of DOH provided data that reflects a 108% increase compared to last year and a 268% increase since fiscal year 2021–2022.

	FY 21/22	FY 22/23	FY23/24 CURRENT	FY23/24 PROPOSED
TB Cases and Suspects*	224	396	825	825
Percent Increase Over PY		77%	108%	
Percent Increase Over 2 Years	V 3		268%	2 2
FL PBC DOH TB Program Cost	\$ 2,267,798	\$ 2,797,954	\$ 2,544,901	\$ 3,044,901
TB Cost Funded by HCD	\$ 800,000	\$ 800,000	\$ 800,000	\$ 1,300,000
Cost per TB Case	\$ 10,124	\$ 7,066	\$ 3,085	\$ 3,691

HCD has budgeted annual support to the local DOH of \$ 7,798,753 to support DOH's programmatic shortfalls from other revenue sources for FY 2025. Of the total annual

support amount projected to be provided by the HCD to DOH for FY 2025, \$800,000 is currently earmarked for tuberculosis support. See attached for additional details. The local DOH is requesting a one time additional funding support of \$500,000 from HCD for to help combat the increase in latent Tuberculosis cases in the County.

Section 6(3) of the enabling legislation of the Health Care District specifies that among the Board powers the Board has the authority "To provide health care services to residents of the County through the utilization of health care facilities not owned and operated by the District. The provision of said care is hereby found and declared to be a public purpose and necessary for the preservation of the public health and welfare of the residents of the County." Thus, there is precedent and legal authority to provide this type of funding to the local DOH if the Board deems it necessary to do so.

The Director of DOH has indicated that the State of Florida has provided funding for active Tuberculosis cases, however, it has not provided and will not provide sufficient funding to support the costs associated with the increase in latent TB cases in the County.

The specifics of how the local DOH intends to utilize the \$500,000 are attached. The primary expenses are staff support totaling \$258,000 and the construction of two negative air pressure rooms for \$200,000. A FY2025 mid-year review will be conducted with the Department of Health to review any continuing needs for this purpose.

#### Mission:

To protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.

Ron DeSantis Governor

Joseph A. Ladapo, MD, PhD State Surgeon General

Vision: To be the Healthlest State in the Nation

July 30, 2024

Darcy J. Davis, CEO Health Care District 1515 N Flagler Drive Suite 101 West Palm Beach, FL, 33401

Dear Darcy,

I am writing to request additional funding to support the expansion of our Tuberculosis (TB) program services in Palm Beach County. Over the past three fiscal years (2021-2024), our TB program has experienced a substantial increase in demand. Specifically, we have seen a 108% increase in services compared to last fiscal year and a remarkable 268% increase since the fiscal year 2021-2022. See attached supportive documentation.

This significant rise in demand underscores the critical need for enhanced financial support to sustain and expand our services. Our program plays a vital role in controlling and preventing the spread of TB, a highly communicable disease that poses serious public health risks. The increase in service demand has strained our current resources, making it imperative to secure additional funding to continue meeting the needs of our community effectively.

The requested funds will be allocated towards:

- 1. Staffing: Hiring additional healthcare professionals to manage the increased caseload and provide timely diagnosis, treatment, and follow-up care.
- 2. Diagnostic and Treatment Resources: Procuring advanced diagnostic tools, medications, and other necessary medical supplies to ensure comprehensive care for TB patients.
- 3. Community Outreach and Education: Expanding our outreach programs to educate the community about TB prevention, symptoms, and the importance of early detection.
- 4. Infrastructure: Upgrading our facilities to accommodate the growing number of patients and improve the overall efficiency of our services.

Investing in our TB program is not only a necessity but a prudent measure to safeguard public health. By providing the required financial support, we can continue to deliver high-quality services, reduce the spread of TB, and improve health outcomes for the residents of Palm Beach County. It should be noted

West Palm Beach, FL 33401 PHONE: 561/671-4005 • FAX: 561/837-5194

FloridaHealth.gov / palmbeach.floridahealth.gov

that although we receive state dollars for TB it is tied to TB cases only, not the provision of LTBI treatment. As you know, the treatment for LTBI is a preventive measure to help eliminate the potential for active TB in our community at a later date.

Thank you for considering this urgent request. I am available to discuss this proposal in more detail and provide any additional information you may need. Your support is crucial to the success of our TB program and the health and well-being of our community.

Sincerely,

Jyothi Gunta, MD, MPH - Director

#### **EXECUTIVE SUMMARY: TB and LTBI - Palm Beach County**

Healthy People 2030 sets a national goal of 1.4 new cases of confirmed TB per 100,000 population.<sup>1</sup> In 2023, Florida reported a rate of 2.8, double the goal.<sup>2</sup> Following a worldwide trend, Table 1 shows a progressive increase in tuberculosis cases over the last three years in Palm Beach County with the 2024 year to date case total already nearly equal to the total case count from 2021.<sup>3</sup> Current 2024 numbers place Palm Beach County 3<sup>rd</sup> in Florida, behind only Miami and Orange counties.<sup>4</sup>

Figure 1

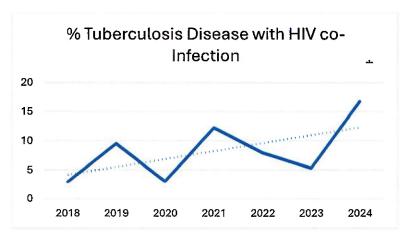

Tuberculosis Cases in Palm Beach County

The CDC has attributed the increase in domestic cases to pandemic related disruptions in healthcare and post-pandemic travel and migration. In 2023, this included an increase across nearly all demographic groups, however, Tuberculosis continues to disproportionately affect those who experience poor housing conditions, barriers to care, concurrent disease, or some combination therein. An upward trend in Tuberculosis disease and HIV co-infection in Palm Beach County is visually displayed in Figure 2.6

Figure 2

Tuberculosis Cases in Palm Beach County co-Infected with HIV

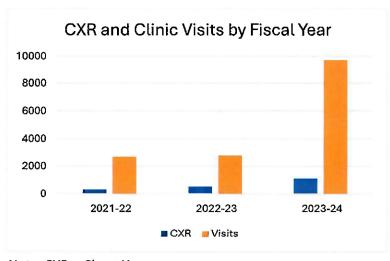

Note. \*2024 data based on reported cases as of 7/24/2024.

While the disease burden increases, maintaining the resources to care for tuberculosis, including access to care and provider expertise, has become a greater challenge. Latent tuberculosis, progression of which is responsible for approximately 80% of TB cases in the U.S., and tuberculosis care provided by the Department of Health in Palm Beach County in the form of chest x-rays and clinical visits have both increased nearly 250% in just 3 years (Figure 3). 8,9

#### Conclusion

Protecting the health of Palm Beach County residents is central to the Department of Health's mission and a local response, in the form of additional services, speaks to an unwavering commitment to do so; however, meeting the financial burden of providing these added services must be shared if ongoing demands are to be met.

## Florida Department of Health - Palm Beach County TB Clinical Budget Request Justification

#### **Positions:**

TB Provider (.60 FTE)

The TB Provider is needed for clinical assessment and treatment of Latent Tuberculosis Infection (LTBI) and active TB patients.

Registered Nurses (RN) (2 FTEs)

RNs are needed to provide clinical support for medication adherence, education, and counseling of LTBI and active TB patients.

Health Support Representative (HSR) (1 FTE)

HSR is needed to obtain vital signs and complete the medical history of LTBI patients.

#### **Contracted Services:**

Negative Air Pressure Rooms (x2)

The negative air pressure room is required to monitor and increase airflow to prevent staff and patient exposure to the TB virus.

Chest CT Scans

The chest CT scans are sometimes necessary for follow-up on abnormal chest x-ray findings and provides necessary information for clinical management.

Chest X-rays (\$80/x-ray)

The chest x-rays are required for all LTBI patients to rule out TB and to ensure the efficacy of the medication and treatment being provided.
