HEALTH CARE DISTRICT OF PALM BEACH COUNTY **QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE** **SEPTEMBER 26, 2024**

1. Description: Patient Relations Dashboards

2. Summary:

This agenda item provides the patient relations dashboard for the 2nd Quarter of 2024 for School Health, Community Health Centers, Skilled Nursing Center, Lakeside Medical Center, and Pharmacy.

3. Substantive Analysis:

School Health

For Quarter 2, 2024, School Health had a total of 16 Patient Relations events reported for 169 school locations. Of the 16 patient relations events, 6 were complaints, 10 were compliments, and there were no grievances. All 6 complaints were made by family members. The complaint categories were nurse-related in all aspects of care, communication, and care and treatment. The 10 compliments recognized the School Health Nurses and School Health Nurse Assistants received from principals, school district staff, family members, and employees.

Community Health Centers

For Quarter 2 2024, there were a total of 26 Patient Relations Occurrences that occurred between 7 Centers and Community Health Center Administration. This was an increase from the previous quarter where we had a total of 24 Complaints and Grievances. Of the 26 occurrences, there were 5 Grievances and 21 Complaints. The top 5 categories were Respect, Communication, Physician, Referral, Care & Treatment and Finance Related issues. The top subcategories were Poor Communication and Physician Related All Aspects of Care with 4 occurrences in each.

There were also 56 Compliments received across 7 Centers, Mobile Warrior, and Center Administration. Of the 56 Compliments, 50 were patient compliments, and 6 were employee-to-employee "Thumbs-Up" compliments.

Skilled Nursing Center

For Quarter 2 2024, there were a total of 34 Patient Relations Occurrences received across 4 resident units (Starfish, Dolphin, Pelican, Sand Dollar), Laundry, Dietary, Administration, Facilities, Social Services, Finance, and Therapy. This was a decrease

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

from the previous quarter where we had 42 Patient Relations occurrences. Of the 34 occurrences, there were 2 Grievances and 32 Complaints. The top 5 categories were Personal Belongings, Care & Treatment, Nutrition, Communication, Environmental, Finance, and Nursing-related issues. The top subcategory was Personal Belongings – Clothes with 9 occurrences reported.

There were also a total of 67 Compliments received across 5 resident units (Pelican, Manatee, Starfish, Sand Dollar, Dolphin), Activities, Rehab, Dietary, Finance, and Therapy. Of the 67 Compliments, 32 were Nursing Related, 2 Nutrition Related, 2 Administration Related and 31 Clinical Support Staff Related.

Lakeside Medical Center

For Quarter 2 2024, there were a total of 9 Patient Relations Occurrences that occurred between Emergency Services, Admissions and Radiology. Of the 9 occurrences, there were 2 Grievances and 7 Complaints. The top 5 categories were Care & Treatment, Nursing, Respect, Physician Related, Personal Belongings and Admitting/Registration. The top subcategory was Confidence in Care Givers with 2 occurrences.

There was also 1 Compliment received in the Emergency Services department for a physician.

Pharmacy

For Quarter 2 2024, there was a total of 1 Patient Relations Occurrences that occurred at the Delray Pharmacy. This was a decrease from the previous quarter where we had a total of 4 Complaints and Grievances. The 1 occurrence was a grievance related to communication.

There were no compliments received for Pharmacy in Q2 2024.

2024 Q1

2024 Q2

**HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024**

1. Description: Productivity Dashboards

2. Summary:

This agenda item provides the productivity reports for the 2nd Quarter of 2024 for School Health, Community Health Centers, Skilled Nursing Center, Lakeside Medical Center, Ground Transportation, Pharmacy, and Human Resources.

3. Substantive Analysis:

School Health

In the 2nd Quarter of 2024, we completed a total of 199,271 events across 169 schools, providing care for a total of 73,765 students. These events were broken down into 60,695 consultation events, 59,036 office visits, 45,378 procedure visits, 32,914 medication visits, and 1,248 record reviews. The top 3 schools with the most events are Elbridge Gale Elementary School, Verde K-8, and Everglades Elementary School.

Community Health Centers

In Q2 of 2024, the clinics served 21,431 unique patients (a 1% increase from the previous quarter) and provided 42,619 clinic visits (a 2% decrease from the previous quarter). The top 3 departments with the highest patient visits were Lantana Primary, West Palm Beach Primary, and West Palm Beach Dental.

Skilled Nursing Center

In Q2 of 2024, the average census for the Healey Center was 105. There were 45,469 treatments performed and 240,744 medications administered by nursing. Food and nutrition services provided a total of 24,547 resident meals. CNA POC documentation compliance rate for day shift averaged 99%, evening shift averaged 98.9% and night shift averaged 99.1%. The therapy department completed a total of 3,129 units for the quarter.

Lakeside Medical Center

The productivity data report for 2nd Quarter 2024 represents the following detailed information:

**HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024**

- **Total Census Days by Level of Care** – There was a total of 1,273 patient days for Q2-2024 compared to 1,437 for Q1-2024 resulting in an 11.4 % decrease.
- **Emergency Services Visits** – There were a total of 5,180 visits for Q2-2024 compared to 5,250 for Q1-2024, resulting in a 1.3 % decrease.
- **Physical Therapy Visits (Evaluations and Treatments)** – There were a total of 187 evaluations and treatments in Q2-2024 compared to 213 for Q1-2024, resulting in a 12% decrease.
- **Inpatient Admissions** – There were a total of 99 Inpatient Admissions for Q2 – 2024 compared to 110 for Q1-2024 resulting in a 10% decrease.
- **Surgical Cases** – There were a total of 63 surgical cases performed in Q2-2024 compared to 46 for Q1-2024 resulting in a 36.9% increase.
- **Medication Administration** – There was a total of 37,119 medications were administered in Q2-2024 compared to 39,919 for Q1-2024 resulting in a 7% decrease.
- **Radiology Exams Completed** – There were a total of 6,592 radiological exams performed for Q2-2024 compared to 6,987 for Q1-2024 resulting in a 5.6% decrease.
- **Laboratory Specimens Collected** – There were a total of 20,108 lab specimens collected for Q2-2024 compared to 21,921 for Q1-2024 resulting in an 8.2% decrease.

Ground Transportation

For Q2 2024, the Ground Transportation department performed 522 transports (524 previous quarter), with 495 (95%) originating at Lakeside Medical Center. Most of the patients transported were between 21 and 80 years old, with the 71-80 group being the highest. The top 3 diagnoses for the patients transported during this period were unspecified convulsions, non-ST elevation myocardial infarction, and pneumonia. The top 3 destinations were Palms West Hospital, followed by JFK Main and St. Mary's

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

Medical Center. The top 3 services not available were neurology, cardiology, and gastroenterology. There was a total of 28 canceled transports, 54% of which were from the referring location and there were 15 transports in which lights/sirens were used.

Pharmacy

For Quarter 2 2024, HCD Pharmacies filled 44,095 prescriptions for 7,387 unique patients, a 9% increase compared to Q1. 14% of the patients serviced were new to pharmacy in Q2, 1,850 packages were mailed during the quarter containing 4,490 prescriptions, which was 10% of total prescriptions dispensed. In addition, 1,102 Narcan units were distributed to the community in this time frame.

Human Resources

- For Q2 2024, our employee headcount reached 1,259, a 1.4% decrease from the previous quarter (1277).
 FT=1,181
 PT=27
 PD=51
- Clinical job functions/positions are the leading with 46%, followed by technical at 14% and specialist at 9%.
- Q2 2024, the diversity headcount is 45% African American, 27% White, 16% Hispanic, and 12% Other; 78% of the workforce is female.
- Q2 2024, the average age of employees is 47 years old, with 200 employees projected to be within retirement age in the next 5 years.

1. Description: HCD Compliance, Privacy, and Ethics Program Updates and Activities Quarterly Report (FY24 Q3)

2. Summary:

A summary of the Health Care District's ("HCD") Compliance, Privacy, and Ethics Program ("Compliance", "CPE", or "Program") activities since the last meeting is provided. This Report covers FY24 Q3 (April 1 – June 30, 2024).

The Office of Inspector General ("OIG") recommends reporting on a regular basis to the governing body, CEO, and compliance committee(s) regarding the planning, implementing, and monitoring of the Program. This report is intended to provide an update on CPE activities, initiatives, monitoring, statistics, and Work Plan. Heather Bokor, VP / Chief Compliance, Privacy, & Risk Officer, presents the following:

3. Substantive Analysis: Compliance, Privacy, and Ethics Report

CPE continually assesses HCD and develops the Program to address areas for attention and/or enhancement, in order to ensure that through the Work Plan and other activities, we meet or exceed Effective Compliance Program Elements, per OIG.

Key areas since the last report which have had significant or notable work under or separate from the FY23-24 Work Plan include: Issuing guidance to staff; Internal auditing and monitoring/reviews/risk assessments; External audit and monitoring assistance/participation; Policies and Procedures; Cybersecurity/Data Privacy and Privacy incident readiness and response, including assessments, and third-party management; Interdepartmental IT Security and Privacy P&P reviews and revisions; Training, Education & Awareness/Survey Activities; Contract reviews and payments with physicians/external parties; Physician Provider Enrollment/Billing research and guidance, Technology/Data Governance/Artificial Intelligence (AI); Conflicts of Interest (COI); Consents and forms; Licensure and accreditation; Research and issuance of guidance, education/information to staff; Behavioral Health; Regulatory updates/industry enforcement activity, new/proposed state laws; Active participation and responsiveness to HCD staff on inquiries/incidents/needs; and other initiatives to improve compliance and mitigate risk in the organization.

| Work Plan Element: 7 - RESPONDING TO / ADDRESSING KNOWN OR POTENTIAL ISSUES |
| Work Plan Element: 8 - PROGRAM EFFECTIVENESS |

FY23-24 YTD Audit Activity Summary

Initiated Audit Completion Status

Initiated Audits (Unique Vs. Routine)

Completed Audits

Completed Audits - FY24 Q2

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

1. Audit Activity Summary (FY23-24 Work Plan):

In FY23-24 YTD, CPE initiated one hundred and forty-five (145) total audits, data risk assessments/research, compliance risk assessments, and/or reviews (“reviews”), in accordance with the annual CPE Work Plan. This includes thirty-six (36) unique and one-hundred and nine (109) routine reviews. Additionally, CPE addressed other items as per OIG’s Compliance Program Guidance. A breakdown is provided below:

- Of the 145 initiated, 127 have been completed (25 unique, 102 routine).
- Of the 127 completed, 20 were completed since the last report/meeting (2 unique, 18 routine). These are reported in the tables below. Of the 18 routine reviews completed, results were mostly favorable (see Privacy).
- Of the 145 initiated, 18 reviews (12 unique, 6 routine) are currently in preparation, in process, or pending preliminary/final reports. These items are reported as “Open” in the tables below. *Note: Items reported on at the prior meeting are included in data, however, are excluded from this report.*

| Auditing and Monitoring – Completed | |
|--|--|
| Work Plan Item/Area (Item, Background and Rationale) | Summary (Findings/Recommendations/Action Items) |
| <p>CMS Open Payments: Review and Dispute Reconciliation (Annual)</p> <p><i>Open Payments was enacted as part of the Affordable Care Act to create transparency into financial relationships between pharmaceutical companies, medical device manufacturers, supply companies, and group purchasing organizations/vendors, and physicians and teaching hospitals. Vendors are required to report payments and other “transfers of value” to CMS for entities including LMC. Information is published in the Database and entities are required to review and either confirm or dispute entries by May each year.</i></p> | <p><i>The objective is to determine whether LMC had any published entries, evaluate the validity of the payments, determine future internal follow-up action or contract and training needs, and to respond by CMS’ deadline.</i></p> <p>Review complete. Results favorable. CPE will annually monitor Open Payment entries during the Open Payments Review period.</p> |

B. Department Activity and Statistics:

1. Conflicts of Interest (“COI”)

In FY24, HCD CPE revised the COI Disclosure Form/Questionnaire and disseminated to HCD Board and Committee Members in March 2024 and to all members of HCD’s workforce in August 2024. *Pending responses from remaining individuals to close.*

2. External Agency Activity

1. Office for Civil Rights (HIPAA/Privacy): Closed OCR Transaction Number: 24-582859

On August 9, 2024, HCD received a letter from the Department of Health and Human Services Office for Civil Rights (“OCR”) from a complaint they received on July 26th alleging that a C.L. Brumback Primary Clinic violated the Federal Standards for Privacy of Individually Identifiable Health Information and/or the Security Standards for the Protection of Electronic Protected Health Information (45 C.F.R. Parts 160 and 164, Subparts A, C, and E, the Privacy and Security Rules) when it disclosed his PHI to an unauthorized individual. The OCR resolved this matter without further action through the provision of technical assistance and provided material on Reasonable Safeguards. However, should the OCR receive a similar allegation in the future, they may open an investigation of that matter. In addition, please note that, after a period of six months has passed, the OCR may initiate and conduct a compliance review of HCD’s compliance with the Privacy Rule and Reasonable Safeguards.

Due to the allegation included within the OCR’s complaint letter, HCD Privacy performed internal review to identify the Clinic and patient and determined no prior complaints or reports had been received by HCD. Privacy reviewed existing policies and procedures and determined no revisions were required. Further, Privacy scheduled an on-site review of the Clinic to be completed within sixty days from receipt of the letter and within the survey window period.

2. State of Florida Office of the Attorney General: Open Privacy Inquiry – Florida Information Protection Act (“FIPA”) – August 6, 2024.

3. Hotline, Inquiries & Investigations – *Continued on next page.*

D. Annual Work Plan Preparation (FY25)

- HCD Compliance, Privacy & Ethics is drafting HCD’s FY25 Departmental Work Plan. Upon completion of the current (FY23-24) Work Plan and FY25 Work Plan draft to commence on October 1, 2024, a detailed copy will be provided for approval at the next regularly scheduled meeting.
- A summary of CPE’s composition/development and considerations of our annual/biannual Work Plan is included below.
- The continued goal for the annual Work Plan is for our efforts to ensure a proactive, risk-based, and effective program – in addition to meeting or exceeding the recommendations described in the OIG’s Compliance Program Guidance(s) on Effectiveness.
- The FY25 Work Plan will include all items identified that are standing or are not yet complete from FY24 (these items have been transferred from FY24 to FY25), in addition to other items to be added based on internal assessment and to address the below.

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

- The Department considered and includes the following in developing the annual Work Plan: Leadership/Management requests/input; Standing items; OIG CPG's and Supplemental Guidance; OIG Work Plan; New or changed rules; Recent industry enforcement and government report findings; Published guidance from regulators and authorities; High volume/high dollar/high reimbursement; Data analytics and reporting trends; Known or potential areas of risk/concern; Past items requiring monitoring; New or changed business units/service lines; Compliance Program Effectiveness and Compliance Program Evaluation Guidelines from Government and Other Entities/Authorities (e.g., DOJ, OIG, CMS).
- Information on the OIG's new CPG's (first published November 6, 2023) was provided to the Committee in March 2024. This overview document can be accessed at: [HHS-OIG General Compliance Program Guidance | November 2023](#). HCD CPE analyzed the documents and assessed the guidance for recommended changes to the current and future Work Plans. Relevant details are summarized below for purposes of Work Plan consideration:
 - HHS-OIG published updated and improved existing CPGs and added new CPGs specific to new segments of the healthcare industry. In addition to the GCPGs, the OIG stated it will publish industry-specific CPGs ("ICPGs") for different types of providers, suppliers, and other participants.
 - The GCPGs largely maintain the historic compliance program elements, but provides more depth and incorporates lessons learned. It summarizes laws related to healthcare enforcement and other compliance standards, includes examples of problematic conduct, and places Cybersecurity as a top priority for compliance due to the increase in attacks, etc.
 - The new elements are titled: (1) Written Policies & Procedures; (2) Compliance Leadership & Oversight; (3) Training & Education; (4) Effective Lines of Communication with the Compliance Officer & Disclosure Program; (5) Enforcing Standards: Consequences & Incentives; (6) Risk Assessment, Auditing & Monitoring; and (7) Responding to Detected Offenses & Developing Corrective Action Initiatives.
 - The OIG identified certain themes, including but not limited to: Role of the Chief Compliance Officer as a Senior Leader, Tone from the Top, Well functioning Committees and Engaged Board Members, Targeted and Board Training, Multiple Reporting Pathways for Compliance Concerns, and Considerations for Incentives for Compliant Behavior.

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

- The DOJ provided additional compliance considerations to the OIG's publication (e.g., Quality as part of Compliance, Regulatory landscape to address compliance and business risks, financial monitoring with physicians and others for kickbacks, etc.).

**HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024**

1. Description: Quality & Patient Safety Dashboards

2. Summary:

This agenda item provides the quality and patient safety reports for the 2nd Quarter of 2024 for School Health, Aeromedical, Trauma, Community Health Centers, Skilled Nursing Center, Lakeside Medical Center, Ground Transportation, Pharmacy, and Corporate Quality Metrics.

3. Substantive Analysis:

School Health

Florida-Mandated Student Screenings

- We exceeded the Florida-mandated goal of completing 95% of the vision and hearing, BMI, and scoliosis screenings required at the end of the School Year (Quarter 2). Parents are notified of any abnormal results so they can follow up with their healthcare provider and/or appropriate community resources.
- BMI screening: Through the 2nd quarter of 2024, we screened 32,480 (99.8%) of eligible students in the 1st, 3rd, and 6th grades. Out of 32,480 students, 7,976 (25%) students required referral.
- Hearing screening: Through the 2nd quarter of 2024, we screened 32,205 (98.8%) of eligible students in kindergarten, 1st, and 6th grades. Out of 32,205 students, 1,090 (3%) students required referral.
- Scoliosis screening: Through the 2nd quarter of 2024, we screened 9,955 (100%) of eligible students in 6th grade. Out of 9,955 students, 84 (0.84%) students required referral.
- Vision screening: Through the 2nd quarter of 2024, we screened 44,351 (98.9%) of eligible students in kindergarten, 1st, 3rd, and 6th grades. Out of 44,351 students, 7,046 (15.89%) students required referral.

Aeromedical

Run Time

Aeromedical-Trauma Hawk flew 110 transports for Q2 2024, out of which were 85 scene flights and 25 interfacility flights. Out of the 84 scene transports, there were 80 trauma patients (73%) and 30 medical patients (27%). The average dispatch time to enroute was 0:06:59, which is above the county ordinance goal of < 5 min. The average of dispatch to arrival on scene was 0:19:38 meeting the goal < 20 min. The top three destination hospitals for scene transports in Q2 were: 1. – St. Mary's Medical Center

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

(74), 2 – Delray Medical Center (4), and 3. – Palm Beach Gardens Medical Center (3).

Out of the 25 interfacility flights completed the top three categories were: 1) Cardiac Non STEMI (6), Trauma-Penetrating (4) and Cardiac STEMI (4). The average time from dispatch to enroute was 0:23:39 with an average of 0:36:47 from dispatch to arrival at the sending hospital. The top three destination hospitals were: JFK Medical Center (9), St. Mary's Medical Center (8), and Nicklaus Children's Hospital/Joe DiMaggio and Jackson Memorial (2).

There were 128 cancelled/turned down flights for Q2 2024. The top three reasons were by referring agency, no transport required and weather.

Trauma Hawk Patient Transports

Over Q2 of 2024, Trauma Hawk transported 110 patients. 73% were Trauma patient types and 27% were Medical patient types, while 77% were transported from a 911 Scene Response and 23% were Interfacility Transports.

- Transport Data: out of the 110 patients transported, there were 0 separate Medical Escort cases (no direct patient care provided, medical crew was outsourced – not included in number of total transports). Multiple Casualty Incidents showed 5% of the patients transported were from the same scene/incident.
- Demographics: gender breakdown revealed 30% were Female and 70% were Male. Race showed that patients transported were 23% Latino, 34% Black and 43% White. Age Distribution for Medical transports showed the 66-75 age group as the highest at 20%, while Age Distribution for Trauma transports showed the age group of 26-35 as the highest with 18%.
- Receiving Rescue Ground Unit: top 3 PBCFR Rescue Response ground units who Trauma Hawk received patients from were R73, R74 and R273 – who are stationed in Belle Glade and South Bay respectively.
- Dispatch City: showed 53% of transports were dispatched to West of the 20 Mile Bend, while 47% were dispatched East of the 20 Mile Bend.
- Primary Impression: the top 3 Primary Impressions showed Head Injury, Lower Extremity Injury, and Multiple Injuries as the leading chief complaints for transport.
- Monthly Volume: stacked monthly volume trends for Q2 showed an 11% increase in April, a 29% decrease in May, and a 19% decrease in June compared to 2023.

HEALTH CARE DISTRICT OF PALM BEACH COUNTY

QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE

SEPTEMBER 26, 2024

Trauma

During Q2 of 2024, 1,402 patients were seen at the two trauma centers in Palm Beach County, compared to 1,573 seen in Q1 2024.

Palm Beach County Trauma System Utilization

- **Demographics:** Gender breakdown showed 37% of the trauma patients were Female compared to 63% Male. Race showed White making the majority of the trauma patients with 71%, followed by Black at 19%, and 10% classified as Other. Ethnicity showed that the majority of the trauma patients were Non-Hispanic at 79%. Age Groups showed that 10% of trauma patients were Pediatric, 49% were Adult, and 41% were Geriatric. Age Range showed that the 76-85 age group were the highest at 15%, while the age group of 26-35 and >85 were tied at 13%.
- **Monthly Volume:** stacked monthly volume trends for Q2 showed a 3% increase in April, a 6% decrease in May, and a 7% decrease in June compared to 2023.

Trauma System Utilization per Trauma Center

- **Monthly Volume:**
 - **St. Mary's Medical Center:** stacked monthly volume trends for Q2 showed a 1% increase in April, a 1% decrease in May, and a 2% decrease in June compared to 2023; with a total volume of 778 for Q2.
 - **Delray Medical Center:** stacked monthly volume trends for Q2 showed a 5% increase in April, a 12% decrease in May, and a 16% decrease in June compared to 2023; with a total volume of 624 for Q2.
- **Demographics:**
 - **St. Mary's Medical Center:** gender breakdown showed 34% of the trauma patients were Female compared to 66% Male. Race showed White making the majority of the trauma patients at 66%, followed by Black at 24%, and 10% classified as Other. Ethnicity showed that the majority of the trauma patients were Non-Hispanic at 71%. Age Groups showed that 15% of trauma patients were Pediatric, 57% were Adult, and 28% were Geriatric. Age Range showed that the 26-35 age group were the highest at 17%.
 - **Delray Medical Center:** gender breakdown showed 40% of the trauma patients were Female compared to 60% Male. Race showed White making the majority of the trauma patients at 77%, followed by Black at 14%, and 9% classified as Other. Ethnicity showed that the majority of the trauma patients were Non-Hispanic at 89%. Age Groups showed that 4% of trauma patients were Pediatrics, 42% were Adults, and 54% were Geriatric. Age Range showed that the 76-85 age group were the highest at 21%.

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

- Trauma Center Volume by Year:
 - St. Mary's Medical Center: shows 1,693 trauma patients were seen YTD for 2024.
 - Delray Medical Center: shows 1,282 trauma patients were seen YTD for 2024.

Palm Beach County Trauma Injury Analysis

- Mechanism of Injury & Subcategories: The Top 5 Mechanisms of Injury and Top 5 Subcategories showed the following:
 - Falls: led at 46% for cause of injury. Looking further, 37% were same-level falls, 31% were unspecified, 8% were falls from a bed, 4% were falls from a ladder, and falls from an elevated level respectively.
 - Vehicular: followed at 33% for cause of injury. Looking further, 49% were motor vehicle vs motor vehicle collisions, 11% were motorcycle crashes, 10% were motor vehicle vs pedestrian collisions, 9% were motorcycle vs motor vehicle collisions, and 5% were bicycle crashes.
 - Assault: followed at 8% for cause of injury. Looking further, 36% were assaults with guns, 31% were assaults with a knife or sharp object, 19% were assaults during a fight/brawl, 8% were assaults with a blunt object, and 4% were assaults with an unspecified route.
 - Burn: followed at 4% for cause of injury. Looking further, 25% were burns from food, drink, or related to cooking, 23% were electrical burns, 14% were burns from fire or smoke, 12% were burns from a flammable object, and 9% were burns from an unspecified route.
 - Unintentional: rounding out the top 5, at 2% for cause of injury are accidental injuries. Looking further, 27% were accidental injury from a knife or sharp object, 23% were accidental injury by walking into or striking an object, 17% were injuries from accidental use of bodily force, and 10% were accidental injury from a hand tool, as well as accidental-non-burn-injuries from an explosion of a pressurized object respectively.
- Transportation Mode: showed that the majority of trauma patient transports were by Ground at 92%, while Air accounted for 8%.
- Injury Type: the injury classification showed Penetrating at 11%, Blunt at 85%, and Burn at 4%.

HEALTH CARE DISTRICT OF PALM BEACH COUNTY QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE SEPTEMBER 26, 2024

Community Health Centers

The following measures were not meeting goal at the end of Quarter 2 2024: Hypertension (72%), goal is 80%, Ischemic Vascular Disease/Antiplatelet Therapy (73%), goal is 86%, Adult Weight Screening and Follow Up (65%), goal is 90%, Childhood immunization (55%), goal is 60%, Breast Cancer Screening (56%), goal is 60%, Cervical Cancer Screening (60%), goal is 65%, Colorectal Cancer Screening (38%) with goal of 82%.

All other goals achieved for the quarter.

Skilled Nursing Center

For Q2 2024, the following quality measures did not meet goal:

- % of Residents with pressure ulcers (long stay) was 8.3% which was above the national benchmark of 7.4%
- All other quality measures met goal for the quarter.

Lakeside Medical Center

For Q2 2024, **Inpatient Quality Measures** there was 1 of 4 measures (ED-1a) that did not meet goal.

ED Measure:

For ED-1a, there were (101) cases that fell into the sample population for Q2 with a median time of (334) minutes, which is higher than the set goal of (313) minutes.

For Q2 2024, **Outpatient Quality Measures**, there were 2 of 2 measures (OP-18, OP-23) that did not meet goal.

OP-18 Measure:

For OP-18, there were (95) cases that fell into the sample population with a median time of (153) minutes, which is higher than the set goal of (134) minutes.

OP-23 Measure:

For OP-23, there were (2) cases that fell into the sample population, the goal of >71% was not met.

Ground Transportation

Ground Transportation is trending and monitoring 6 GAMUT quality metrics for 2024. These are Use of Appropriate Pain Scale, Blood Glucose Testing for Altered Mental

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

Status Patients, Waveform Capnography Monitoring for Patients with Mechanical Ventilation and/or Advanced Airways, Medical Equipment Failures, Appropriate Management of Aortic Emergencies and Temperature Assessment. During Q2 2024, our program trended at 98% for the Use of an Appropriate Pain Scale which is above the GAMUT national threshold of 90%. For Blood Glucose Testing for Altered Mental Status Patients we were at 88%, which is below the GAMUT national threshold of 91%. We were at 100% for Waveform Capnography Monitoring for mechanically ventilated patients with an advanced airway exceeding the GAMUT national threshold of 95%. We had no Medical Equipment Failure events this quarter and we did not transport any patients with aortic emergencies. We also reached 99% for performing and documenting temperature with the first set of vital signs, surpassing the GAMUT national threshold of 85.7%.

Pharmacy

For Q2 2024, the Pharmacy has met all goals. The average prescription wait time was around 10 minutes, and roughly 15% of prescriptions were waited for by patients, which was also within the goal. The promised time was met for over 99% of orders. The out-of-stock percentage goal was also met, with only 2.1% of the total prescriptions needing to be ordered for the next business day.

Corporate Quality Metrics

Call Center

For Quarter 2 2024, the Clinic Service Center received 60,070 incoming calls, which is a 5% increase compared to last quarter. Of the 60,070 calls, the Patient Access Coordinators handled/resolved 53,285 in real-time. The abandonment rate was at 9%, with a goal of 10% or less. The abandonment rate has decreased by 4% from the previous quarter. The service level (% of calls answered within 3 mins) was at 66% was a goal of 80%. The average hold time for callers was 2m 22sec with a goal of 3 mins or less.

Overall the call center is performing well. We have managed to decrease our abandonment rate and hold times. We have also increased our service levels and quality scores as well.

Information Technology

- **Customer Service:** In Q2, our IT department opened a total of 4,266 new support tickets and successfully closed 4,221 tickets, including those carried over from the previous month. On average, we received 47 new tickets each day. The average

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

time taken to resolve a ticket, excluding any hold time, was 3 hours. Additionally, the IT Service Desk handled 3,247 calls. The average wait time for these calls was 25 seconds, and the rate of calls abandoned was 4.0%, which is below our target rate of 4.5%.

- **Cybersecurity:** In Q2, The security team investigated 440 security incidents. Those were all closed, and none was reportable. The incidents included phishing, impostor, malware, and spam emails, responding to the security operations center alerts, and users reported security investigations.

Human Resources

Turnover and Recruitment:

- For Q2 2024, the average turnover was 15 employees/month, a decrease of 34.7% from the previous quarter, and it's below the industry standard of 26 employees.
- For Q2 2024, the highest turnover rate (2%) was among employees with 3-5 years of service.
- For Q2 2024, the top 3 highest turnover rates by business units were the Ground transportation department, followed by Healey and Clinics Medical.
- At the end of Q2 2024, there were 90 open requisitions, a 157% increase from the previous quarter (35)
 - 50 days = Average time to Fill, which is above the 49 days industry standard (12.3% decrease from the previous quarter of 57 days)
 - 17 days = Average time to Hire, which is within the industry standard of 36 days (a 5.5% decrease from the previous quarter of 18 days).

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

1. Description: HCD Enterprise Risk Management Program Updates and Activities Quarterly Report and Dashboard (FY Q3 2024)

2. Summary:

A summary report of the Enterprise Risk Management (“ERM”, “Risk”, or “Risk Management”) Program activities and updates, along with a dashboard covering the top five trending events and regulatory reported and/or potentially compensatory events, since the last meeting is provided. This report covers the Third Quarter of 2024 (“Q3 2024”) for the following Health Care District of Palm Beach County (“HCD”, “HCDPBC”, or “District”) business units: Lakeside Medical Center (“LMC”), Edward J. Healey Nursing and Rehabilitation Center (“Healey”, “Skilled Nursing Facility”, or “SNF”), Community Health Centers (“CHC” or “Clinics”, formerly known as C.L. Brumback Primary Care Clinics), Pharmacy, School Health, Aeromedical/TraumaHawk (“Aeromedical”), Ground Transportation Services (“Ambulance” or “GTS”), District Administration/Home Office, and Managed Care.

Confidentiality note: This report is made in the open and may include confidential or sensitive information. For purposes of reporting, event information shared thorough data is in the aggregate and summary details on reported entries are shared without reference to a particular individual or patient. Specific event details are not provided in this forum. Please contact Heather Bokor, VP / Chief Compliance, Privacy, & Risk Officer, for comments or inquiries on any of the information reported here which may require further detail or discussion.

3. Substantive Analysis: ERM Quarterly Dashboard and Report

In Q3 2024, HCD had a total of 629 reports entered in its Safety Event Reporting System (“SERS” or “RiskQual/HAS”). The dashboard represents the Top five (5) trending event categories reported along with the risk severity levels and near misses for each HCD Business Unit. A detailed summary is provided below. Included in this report (new) are events that were either reported externally to

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

the proper regulatory bodies/agencies as required, or that were flagged as a Potential Compensatory Event (PCE). Additional detail is provided.

Risk Severity Volumes/Types:

Of the 629 entries reported in RiskQual/HAS, 614 were Events/Occurrences and 15 were Near Misses.

- Approximately 2.4% (15) of the events reported were "Near-Misses" or "Near Miss Events". A Near Miss is an event that was prevented from actually occurring and did not result in any harm to an individual.
- 88.4% (556) of the events reported were "No Harm Events". A No Harm Event is an event that occurred but resulted in no harm to an individual.
- 8.7% (55) were "Minor Events". A Minor Event is an event that occurred, but had no harm to the patient, however, required monitoring.
- 0% (0) was a "Moderate Event". A Moderate Event is an event that occurred, had temporary harm, but did not require significant interventions.
- 0% (0) were Aeromedical "Minor Events". A Minor Event is an event that caused slight injuries to personnel; little environmental impact; damage less than \$50,000; limited impact to image.
- Less than 1% (0.5%, 3) were Aeromedical "Negligible Events". A Negligible Event is superficial/no injuries to personnel; negligible or no environmental effects; damage less than \$10,000; light or no impact to image.

Events/Near Misses by Business Unit, Category, and Volume.

Includes all reported events and any required regulatory reported events and PCE's:

Hospital (LMC):

- **LMC reported a total of 104 entries in HAS**
- This included 89 patient events, 15 non-patient events, and no (0) Near Misses.
- The 104 Events were reported under the following categories, sorted by volume: AMA* (32), Behavior (21), Falls/slips (10: 8 no harm, 2 minor harm), IV/Blood Issues (9), Facility/Administrative Services (5), Equipment-Related (5), Patient Care (3), Admission/Discharge/Transfer Issues (3), Security (2), Safety (2), Medication Variance (2), Lab (2), Clinical Event for Review (2), Treatment/Therapies (1), Surgery (1), Skin Issues (1), Property (1), Medical Documentation/Patient Records (1) and HIPAA/Privacy (1).

HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024

- *(*) These events are included for facility-requested reporting purposes only due to a patient's status, however, were non-incident related events (all were for social or personal reasons).*

Skilled Nursing Facility (Healey):

- **Healey reported a total of 123 entries in HAS.**
- This included 118 resident events, 3 non-resident events, and 2 Near Misses.
- The 121 Events were reported under the following categories, sorted by volume: Skin Issues* (77), Safety (17), Fall/Slips (13: no harm), Patient Care (5), Behavior (3), Property (2), Security (1), Nutrition/Dietary (1), Medication Variance (1), and Equipment-Related (1). The Near Misses were each Medication Variances (2).
- *(*) These are included for facility-requested reporting purposes only due to a resident condition, however, were non-incident related events.*
- Reported regulatory events: Six (6) cases were reported to the Agency for Healthcare Administration ("AHCA") as Immediate (1-day) and 5-Day Reports. 42 CFR s. 483.13(c) - Ensure that all alleged violations involving abuse, neglect, exploitation or mistreatment, including injuries of unknown source and misappropriation of resident property, are reported immediately, but not later than 2 hours after the allegation is made, if the events that cause the allegation involve abuse or result in serious bodily injury, or not later than 24 hours if the events that cause the allegation do not involve abuse and do not result in serious bodily injury, to the administrator of the facility and to other officials (including to the State Survey Agency and adult protective services where state law provides for jurisdiction in long-term care facilities) in accordance with State law through established procedures.

Community Health Centers(Clinics):

- **CHC's reported a total of 95 entries in HAS.**
- This included 74 patient events, 17 non-patient events, and no (0) Near Misses.

District Administration / Home Office:

Home Office/District Administration reported one (1) Event in RiskQual/HAS and No (0) Near Misses. The event was reported under Safety (no harm event).

4. Substantive Analysis: ERM Program Activities and Event Response Actions (New/Ongoing)

HCD's ERM Program is committed to creating, maintaining, and continuously improving a culture that reflects a commitment to providing safe, quality healthcare and protecting people, property, and the organization's environment. ERM administers a proactive and preventive (as well as responsive) management system of best practices, policies, and procedures. ERM continues to assess HCD's risks and develop the Program to address areas for attention and/or enhancement (risk mitigation and risk reduction).

ERM provided a detailed summary report of its primary responsibilities, as well as information on FY24 key activities, awareness, and risk innovation and mitigation strategies which have had significant or notable work by ERM across HCD, within each business unit, and within the ERM team. As these are continuous/ongoing, they have been removed from or reduced within this report to avoid duplication. A summary of new/updated efforts related to these initiatives are included below:

• **(Ongoing) FY24 Failure Mode Effects Analysis proactive risk assessments:**

| Business Unit | Annual FMEA Item | Status |
|-----------------------------|---|-----------------|
| Healey (SNF) | Comprehensive Risk Management and reporting process | Complete |
| School Health | Consent process in new Electronic Health Record system, Frontline | Complete |
| Aeromedical (Air Ambulance) | Comprehensive Risk Management and reporting process | In process |
| LMC (Hospital) | Informed consent process | In process |
| CHC (Clinics) | Specimen labeling process/procedure | In process |

| | | |
|------------------------|--|------------|
| Pharmacy | Release to bag process. | In process |
| GTS (Ground Ambulance) | Relocating risk assessment from Epic into Baldwin (new system) | In process |

- **(Ongoing) Continuous ERM Staff and Program efforts (system-wide).**
- **(Complete) Healey Comprehensive review of risk management activities and risk reporting process:** Significant improvement efforts have been made in regard to the Action Plan, including but not limited to completion of: staff training, system changes, new/change management processes, and new entries to RiskQual are now entered within 24 hours per HCD's Policy.
- **(Ongoing) Aeromedical/Aviation Safety:**
Ongoing efforts with Aeromedical/aviation safety management. Updates: New Baldwin Aviation Safety Management System Contract is fully executed; Risk team are collaborating with Aeromedical to implement and build the system to meet the organization's regulatory and risk reporting needs.
- **(Complete) Risk/safety assessments and awareness through various survey efforts:**
 - *FY24 Q1: Leadership Engagement and Program Satisfaction Survey completed with an overall rating of ERM: 4.6 out of 5.0 stars.*
 - FY24 Q4: ERM conducted a system-wide Culture of Safety/AHRQ (Agency for Healthcare Research and Quality) Survey tailored to each business unit. *Survey details and achievement of 90% participation rate was reported on at the last meeting.* Analysis feedback will be provided at the next meeting. Briefly, some of the strengths identified included: A strong sense of teamwork throughout the organization; and Leadership places a strong emphasis on safety. Some of the opportunities for improvement included the need for reinforcement of reporting events; and Need for reinforcement of a just culture.
 - FY24 Q4: ERM distributed a voluntary Risk Management Awareness Survey to all HCD staff in August 2024. Details are copied below:

**HEALTH CARE DISTRICT OF PALM BEACH COUNTY
QUALITY, PATIENT SAFETY AND COMPLIANCE COMMITTEE
SEPTEMBER 26, 2024**

- The purpose was to help measure awareness of Risk Management. The survey provided education and information on the risk management program, and an additional mechanism to report any concerns in a confidential manner.
- Survey highlights:
 - 97% of employees are aware that HCD has a Risk Management Program.
 - 96% of employees believe HCD practices a “Just Culture” promoting a culture of safety and reporting throughout the organization.
 - 95% of employees know how to contact Risk Management.
 - 95% of employees feel comfortable reporting issues and concerns to any of the following: their Supervisor, Business Unit Leader/HCD Leadership, Human Resources, Compliance, Privacy, & Ethics Department, Legal Services, Risk Manager/RiskQual, and/or the Hotline.
 - 94% of employees are aware of the “Good Catch Program”.

Confidential Patient Safety Work Product (PSWP) of the Health Care District of Palm Beach gathered within the HCD Patient Safety Evaluation System (HCD PSES) pursuant to the Patient Safety and Quality Improvement Act of 2005. The HCD PSES is the mechanism through which all information is received, collected, maintained, investigated, analyzed, and communicated for reporting to a Patient Safety Organization (PSO). This information is confidential and privileged from disclosure; it is not subject to discovery pursuant to F.S. 395.0197, F.S. 400.147, F.S. 768.28 and the Patient Safety and Quality Improvement Act of 2005.
