Per state guidelines, effective April 5th, all Floridians are eligible to receive any COVID-19 vaccine as authorized by the Food and Drug Administration. At this time, the Health Care District is only offering the Pfizer and Moderna brand vaccines. Janssen (Johnson & Johnson) is not being offered at our vaccination sites.

Pfizer is authorized for 16 years of age and older, while Moderna is authorized for 18 years of age and older. Persons 16 or 17 years of age must choose only a date offering the Pfizer brand. A parent or guardian must be present at the appointment.

If you would like to schedule an appointment, please visit vaccine.hcdpbc.org, or click the green button below.

For more information about COVID-19 or testing locations, click the blue button below.

Community Health Assessments
2019
2019 Lakeside Medical Center Community Health Assessment (PDF)
2019 Lakeside Medical Center Community Implementation Plan (PDF)
2018
In 2018, the Health Care District of Palm Beach County Board of Commissioners approved the Lakeside Medical Center 2015-2018 Implementation Strategy PDF.

2017
The 2017 Community Health Improvement Plan (CHIP) (PDF) is a collaborative effort by a diverse group of community leaders, stakeholders, Florida Department of Health in Palm Beach County and the Health Care District of Palm Beach County that serves as a directional roadmap committed to improving the health and quality of life of Palm Beach County residents.

2016
In 2016, the Health Council of Southeast Florida (HCSEF) was enlisted by the Health Care District and the Florida Department of Health in Palm Beach County to facilitate the Community Health Needs Assessment (PDF) to identify unmet health needs of community residents and to inform and guide future health planning initiatives to meet those needs.

The 2016 Glades Region Health Assessment (PDF) is a subset of the overall Palm Beach County Community Health Needs Assessment.
