About Us

Serving the Health Needs of the Community For 30 Years

In 1988, Palm Beach County residents decided they wanted to invest in a healthier community. They voted to create the Health Care District of Palm Beach County, an independent taxing district that provides an array of health care services, such as:

- Trauma System
- School Health
- Health Coverage
- Hospital
- Skilled Nursing Care
- C. L. Brumback Primary Care Clinics

We are committed to providing quality health care in an efficient, fiscally responsible manner. We invite you to browse through the following pages ^{TOP} to learn more about the Health Care District and the Palm Beach County

residents –many just like you – whom we serve every day.

Meeting changes in health care to keep our community healthy.

We work to accomplish our mission and vision through various programs and services, including:

- Saving lives in the “Golden Hour” through our integrated Trauma System
- Covering the uninsured with programs such as District Cares and Maternity Care
- Providing a medical home for adults and children at the C. L. Brumback Primary Care Clinics
- Keeping children healthy by staffing registered nurses in our public schools
- Offering skilled nursing care at the Edward J. Healey Rehabilitation and Nursing Center
- Providing acute care in underserved areas through Lakeside Medical Center in Belle Glade on the southeastern shores of Lake Okeechobee

We are dedicated to the health of our community and committed to providing high-quality health care services to all residents of Palm Beach County in a fiscally responsible manner.
