Patient Services

We want to be your medical home for all of your primary care needs.

The health care provider who serves as your medical home becomes a home base for your medical and non-medical care. A medical home is a partnership between the patient, family and personal physician primary care provider in cooperation with specialists and support from the

[TOP](#)

community.

Your medical home is built around you and your family, coordinates all of your health care needs and ensures you get the care and support you need when you need it.

Call 561-642-1000 for an appointment and make the C. L. Brumback Primary Care Clinics your medical home.
