

Sponsored Programs

Sponsored Programs for Calendar Year 2020

Sponsored Programs are non-profit community agencies that have a funding agreement with the Health Care District of Palm Beach County to provide health or health-related services to the uninsured, underinsured or vulnerable county residents. These services help fulfill our mission to be the health care safety net for Palm Beach County. This annual grant process to agencies with compatible missions is one of the many ways we work to provide health services to keep our community healthy.

Agencies	Description of Contracted Services	Agency Contact Information	Website
	<p>Cancer support services - Provide services to cancer patients to lessen hospitalization, expediting access to medical care, testing and appointments, transportation, supplemental nutrition (food), cancer specific health & wellness items (packages).</p>	(561) 748-7227	https://cahh.org
