# New primary care clinics begin operation in Jupiter

Today marks the first day of operations for new primary care clinic services in Jupiter.

MyClinic, one of the Brumback Clinics' community partners, has purchased a 5,000 square foot medical office building at 411 West Indiantown Road in Jupiter. This unique location will improve access to comprehensive outpatient primary care for patients who have limited financial resources.

To further expand outreach and access, MyClinic is leasing space within the new facility to the C. L. Brumback Primary Care Clinics. The Brumback Clinics are Federally Qualified Health Centers owned and operated by the Health Care District of Palm Beach County.

TOP

Both entities will provide services to their patients at this location. This

innovative model will broaden the healthcare safety net for our neighbors in need in northern Palm Beach County.
